

About Us

- Team Labs and Consultants** is an independent company established in **1989**, specializing in **Environmental Engineering** solutions. We are also accredited by **NABET** and have recently expanded our expertise into Safety, **ESG**, and **Sustainability Services**, providing client-specific, tailored solutions.
- We work with both **public** and **private** sector clients across various industries, including pharmaceuticals, process industries, engineering, power, mining, and infrastructure.
- Our organization holds **ISO 9001:2015**, **ISO 14001:2015**, and **OHSAS 45001:2018** certifications, reflecting our commitment to quality, environmental management, and occupational health and safety.
- With a dedicated team of over **50** engineers and technicians with diverse experience, Team Labs & Consultants is well-equipped to deliver high-quality services in these sectors.

Our Mission

- Ensure Sustainable Development:** To enable businesses to adopt sustainable practices and reduce their environmental footprint through customized solutions.
- Promote Safety and Compliance:** To elevate safety standards in workplaces by implementing rigorous audits, safety culture improvements, and PSM (Process Safety Management).
- Support ESG & Climate Goals:** To empower organizations to meet their ESG commitments, reduce carbon emissions, and contribute to global sustainability targets.
- Deliver Results with Expertise:** With our team's 35+ years of experience to provide measurable improvements in client safety, environmental management, and sustainability performance.

Why Choose Us

Expertise and Experience

- Proven Track Record:** We have a strong history of delivering successful projects in our field, backed by years of industry experience.
- Skilled Team:** Our team consists of highly qualified professionals who are experts in their respective domains, including [specific skills or certifications relevant to your business].

Sustainability

- Commitment to Sustainability:** We integrate sustainable practices into your business, ensuring our solutions are environmentally friendly & socially responsible.
- Ethical Practices:** We prioritize ethical business conduct, ensuring compliance with all relevant laws and regulations while promoting integrity in all interactions.

Client Testimonials and Case Studies

- Proven Success:** Don't just take our word for it—our satisfied clients speak volumes about the value we provide.
- Long-Term Relationships:** Many of our clients are repeat customers, w.r.t Environmental Safety, ESG and Sustainability Management which is reflecting our commitment to building lasting partnerships.

Innovation and Technology

- Cutting-Edge Solutions:** We use the latest tools and technologies to offer innovative solutions that keep you ahead of the competition.
- Continual Improvement:** We are constantly upgrading our skills and services to reflect new trends and best practices in the industry.

Commitment to Quality

- High Standards:** Quality is at the heart of everything we do. We ensure that our services and solutions meet the highest industry standards.
- Attention to Detail:** From planning to execution, we maintain strict oversight to ensure precision and excellence in all deliverables.

Customized Solutions

- Tailored Approach:** We understand that every client is different, so we offer customized solutions that address your specific needs and goals.
- Adaptability:** Whether you need a full-scale implementation or targeted consulting, we adapt to your requirements.

Strong Customer Focus

- Client-Centric:** Your satisfaction is our priority. We work closely with you to understand your challenges and provide solutions that exceed expectations.
- Clear Communication:** We ensure transparency and maintain open communication throughout the entire process.

Our Team

G. V. Reddy, Director
with 35+ years of expertise in environmental consulting
Dr. M Vasudeva Reddy, CEO
with 32+ years of experience in Dupont Safety Culture, ESG, sustainability reporting, and consulting across infrastructure and pharma sectors
MVS Raju, Chief Consultant - Safety
with 33+ years of experience in the pharmaceutical industry and industrial safety, holding a Diploma in Industrial Safety from RLI
Ranga Rao V, Safety Consultant
B.Tech from BITS Pilani, with 30+ years of industrial safety consulting experience.
A V Reddy, Associate
M.Tech from IIT Kharagpur, with 35+ years in the Pharma and Fertilizer industry
IVR Kumar, Associate
with 40+ years of experience in energy and environmental consulting, including work at the National Productivity Council
Venkata Subbaiah P, Associate
with 40+ years in corporate affairs, liaising with regulatory bodies like the TGSPDCL, PESO, and Fire Department
K SriRama Raju
B.Tech, Diploma in Industrial Safety from RLI with 30+ years of experience in Paper Industry and Consulting.
M Narasimha Reddy
with 35 years of experience in corporate affairs and regulatory authorities

Our Services

ESG, BRSR, Climate Change & Sustainability Reporting

- GHG Carbon Footprint Accounting (Scope-1, Scope-2 & Scope-3)
- Developing Roadmap for Reducing GHG Emissions
- Energy Audits & Optimization Studies
- Implementing Onsite Renewable Energy sources
- Handholding Organizations w.r.t SBTi Commitments and Target Validations

Electrical Safety

- Electrical Safety Gap Assessments
- Electrical Safety Audit
- Hazardous Area Classification (HAC)
- LOTO Implementation

Customer EHS Audits

- Supporting customer EHS/PSCI Audits
- Implementing Safety Performance Evaluation System & Benchmarking

Fire Safety

- Gap Assessment w.r.t Fire Safety Adequacy
- Design of Fire Detection System
- Design of Fire Protection System
- Fire Safety Audit

Resource Management

- Project, Health, safety & Environment Review
- Pre-Commissioning Audit
- Pre-Start Up Safety Review Studies
- Shutdown Safety Management Review

Process Safety Management (PSM)

- PSM Audit/PSM Gap Analysis Study
- PSM System Implementation Handholding & Support
- PSM Element Wise Trainings

Safety Management

- Plant Safety Gap Assessments
- Comprehensive Safety Audits
- Hazard Identification & Risk Assessments (HIRA)
- Hazard & Operability Studies (HAZOP)
- Development of Safety Standards & Audit Protocols
- Safety Perception Survey & Safety Culture Improvement
- Behavior Based Safety Trainings & Implementation
- Job Safety Analysis (JSA)
- Incident Investigations & Trainings
- Development & Deployment of Onsite Emergency Management Plans

Regulatory Compliances

- Environmental Impact Assessments for existing & proposed Projects
- Due Diligence audits w.r.t EC/CFE/CFO & New Approvals i.e. EC, CFE & CFO
- Registration under CPCB EPR requirements under Plastic Waste Management Rules
- Filing Annual Returns Form-V, Form-IV
- ETP/STP/ZLD Performance Evaluation & Retrofittings

Project Safety Solutions

- Project, Health, safety & Environment Review
- Pre-Commissioning Audit
- Pre-Start Up Safety Review Studies
- Shutdown Safety Management Review

Trainings & Audit Support

- Awareness Sessions on ESG, Eco Vadis, Sustainability Reporting, BRSR & TCFD Disclosures
- Supporting Customer EHS, PSCI & Sustainability Data Assurance Audits

Regulatory Compliance & Approvals

- Fire NOC's & Occupancy Approvals
- PESO License Approvals & Renewals
- Factory Layout Amendments & Approvals from factories Dept
- ETP/STP/ZLD Performance Evaluation & Retrofittings
